

PROFESSIONAL SUMMARY

Aspiring AI/ML Developer passionate about Machine Learning and Software Development, with a focus on building scalable AI solutions for real-world challenges. Committed to continuous learning, innovation, and delivering impactful data-driven results.

KEY EXPERTISE

Artificial Intelligence Machine Learning Python Django GIT Github CPP Javascript HTML CSS
Natural Language Processing Retrieval Augmentation Generation (RAG) Large Language Model (LLMs) Embeddings
AI Agent

EDUCATION

Sagar Group of Institutions - SISTec

2023 - 2027

B.Tech. - Artificial Intelligence & Data Science - SISTec GN | CGPA: 7.96 / 10

Govt H S School, Kurawar

2023

12th | MPBSE | Percentage: 89.20 / 100

Govt H S School, Kurawar

2021

10th | MPBSE | Percentage: 88 / 100

PROJECTS

AI Resume Ranker

Key Skills:

Django Machine Learning Python Web Development Natural Language Processing Scikit-learn Pandas NumPy

AI-powered Resume Ranker that analyzes resumes using machine learning and NLP techniques to match candidate profiles with job descriptions. It ranks applicants based on skills, experience, and relevance, helping recruiters shortlist the best candidates efficiently.

BrainDocs

Key Skills:

Python Retrieval-Augmented Generation (RAG) Large Language Models (LLMs) LangChain Google Gemini API
Vector Databases Natural Language Processing (NLP) GitHub

Built a Retrieval-Augmented Generation (RAG) system that allows users to query their own documents and get accurate, context-aware answers. It combines vector search and LLMs to retrieve relevant data and generate precise responses in real time.

ChronosAI

Key Skills:

Agentic AI Google Gemini API Prompt Engineering OCR Django Celery Python Large Language Models (LLMs)
Natural Language Processing (NLP)

Project Link: <https://chronosai-d8vf.onrender.com/>

ChronosAI is an autonomous, AI-driven academic scheduling ERP that digitizes paper timetables instantly using cloud-based multimodal vision models (Gemini & Llama 3.2).

It leverages cognitive LangGraph agents and Celery background queues to execute conflict-free slot swaps, suggest optimized proxy allocations, and push real-time omnichannel notifications.

ASSESSMENTS / CERTIFICATIONS

Introduction to Data Science

Provider: Cisco

Key Skills: Data Analysis Data Collection Data Validation 84828773-a3dd-48cf-8a62-76c1a3391e37

Introduction to Modern AI

Provider: Cisco

Key Skills: Chatbots Computer Vision AI Learning Machine Learning

Python Essentials 1

Provider: Cisco

CO-CURRICULAR ACTIVITIES

- Core team member of technical team

EXTRA CURRICULAR ACTIVITIES

- Participated in technical workshops, hackathons, and coding events
- Collaborated with teams on academic and software development projects

PERSONAL INTERESTS / HOBBIES

- Open-Source Exploration
- Fitness and Walking
- Cricket

PERSONAL DETAILS

Gender: Male

Marital Status: Single

Current Address: Kurawar, Bhopal, Madhya Pradesh, India - 462030

Email: banad8628@gmail.com

Date of Birth: 05 May, 2005

Known Languages: English, Hindi

Phone Number: +91-8719966101
